SAN FRANCISCO DEPARTMENT OF SOCIAL SERVICES

CENSUS TRACT INDEX
January, 1972.

Total Census Tracts in San Francisco are 149. The purpose of this Index is to provide the means by which departmental staff may identify and code each recipient's 1970 Census Tract, given his address: This information is used to district caseloads, and to provide statistical data necessary for determining the best geographical allocation of community resources.

Street numbers are listed as follows:

From even to even - only even numbers;
From odd to odd - only odd numbers;
From even to odd, or from odd to even, both odd and even numbers.

Abbreviations used in the street address are "ES", entire street; and "NN", no numbers.

All references to San Mateo refer to those streets in San Francisco that continue into that portion of San Mateo County which is contiguous with San Francisco. However, this Index cannot be used as the sole judge of whether a client lives in San Francisco or San Mateo. For doubtful cases, additional sources should be consulted.

In some instances the street is located, or continued, in a military installation, such as Hunters Point Naval Shipyard or the Presidio, and such listings are shown on the Census Tract Index as:

Treasure Island (T.I.)	179	Ft. Funston	604
Presidio of S.F. and		Ft. Mason	126
Ft. Scott)	601	Hunters Point	
Ft. Miley)	602	Naval Shipyard	606
Any P.O. Box from			
Mission Post Office)	176		

Any questions, corrections, or additions should be forwarded to:

S. F. Department of Social Services
Research and Statistics Division
585 Bush Street, Room 308
Telephone: 558-5233 - Mr. William Blomberg
